

December 26, 1955

Dr. J. Lein
Bristol Laboratories
Syracuse 14 N.Y.

Dear Joe:

Thank you for your letter of the 22d. The increased retainer is acceptable to me, and I thank you for it, provided that I will be expected to spend about the same amount of time on this work as I have been — most of the time, I am not at all too busy for it, but there are some seasons when I could not afford to take more time from my regular work. I am sure you had this in mind, and am putting this down only for the record.

I have enjoyed this consultation, and find it quite instructive as well. I only hope I can make some real contribution to you, one way or another.

Sincerely,

Joshua Lederberg
